💻 Work experience

Engineering Manager @ nomtek *Wroclaw, Poland – (May 2020 - Present)*

Cooperating with the CEO on hiring and engineering strategy. Leading 26 engineers, some of them grew into leadership roles. Running 1 on 1's, traffic management across projects, hiring & firing. Changed and introduced several company processes like onboarding & pre-mortem.

Co-Founder / Developer @ Stayhome *Wroclaw, Poland – (Mar 2020 - Jun 2020)*

After acquiring small funding, co-created a startup aimed at helping local restaurants survive the early pandemic stage by organizing online cooking workshops. I was responsible for connecting 3rd party solutions (Zoom and Gmail API) with next.js web-app to build a PoC of the platform.

Co-Founder / Developer @ Deele *Wroclaw, Poland / Manila, Philippines – (Jun 2018 - Mar 2020)*

Brought technical skills into a startup building a chatbot for streetwear product recommendations. Used Python Flask, Google NLP API, Facebook Messenger API, and several low-code tools to quickly iterate and test our PoC. Co-created business plan and investor pitch deck.

Lead Android Developer @ nomtek *Wroclaw, Poland – (Mar 2019 - April 2020)*

Led a team of 4 Android devs for Uproad.com. My focus was on battery performance & GPS tracking quality. Acted also as an interim Mobile Architect that cooperated with two backend teams. Successfully launched MVP version of the app.

React Native Developer @ nomtek *Wroclaw, Poland – (May 2018 - Mar 2019)*

Led a team of 2 React Native devs for a U.S. non-profit building a Video Player app. I was responsible for development and product backlog. The most considerable technical challenge was the optimization of the custom video-streaming library and handling the download of large video files for offline usage.

Project Delivery Manager @ nomtek *Wroclaw, Poland – (Jun 2017 - April 2018)*

Led projects from the stage of the inbound sales to the release. I acted as a part of nomtek's sales team, providing technical expertise during negotiations. Eventually, I led 2 project's as a Delivery Manager, cooperating closely with stakeholders, clarifying requirements, and deciding on priorities with the dev team.

Android Developer @ nomtek *Wroclaw, Poland – (Feb 2013 - May 2017)*

Started as a junior Android developer and grew into a fully autonomous caretaker of several projects. Worked both solo and as part of a team, gathering experience in Android SDK, communication with stakeholders, and requirements management. For almost 2 years I developed and maintained the PONS Translate app that served over 2 million users.

🗣️ Languages

Polish	English	Italian
Native speaker	Proficient speaker (C1)	Novice speaker (A1)

📚 Education

Master of Science Degree in Cybersecurity *2012 - 2014*

Engineers' Degree in Computer Science *2009 - 2012*

University of Technology - Wroclaw

🏋️ My hobbies

I'm a family person, I love to spend my time playing with my infant daughter. I like to read - check out my Goodreads. To clear my head I jog and exercise calisthenics.
